

## DALLAS.

The Springs from Which the City's Drinking Water is Received are Weakening.

The Ross Men Attempt to Carry the Primaries Unanimously for Ross With Only Partial Success.

Special to the Gazette.

DALLAS, TEX., June 13.—The Sunday-schools and churches were all well attended to-day and all the pulpits were filled. The weather was reasonably cool and scattering clouds made it very pleasant going to and coming from church; consequently the good-size congregations.

Dallas is badly in need of rain, as the water supply is not exactly what it ought to be. The springs from which the drinking water is procured are weakening, and the Trinity water is not used if it can be avoided. There has been rain in abundance north of the city, but it does not seem to have increased the flow of the springs any yet.

Under the auspices of the Masonic fraternity to-morrow, Monday, evening at 6 o'clock, the corner-stone of the Methodist Episcopal church, South, will be laid. This was the dying request of the late Gen. L. M. Lewis. The lodge will meet at 4 o'clock to arrange for the ceremonies of the occasion.

A negro was arrested last night at a negro picnic near the union depot by Officers Hays and Galles for flourishing a six-shooter in a crowd. He was put in the cooler to await the action of the city court to-morrow.

Two negroes disagreed this morning and one of them carved the other in several places, though the wounds are not dangerous.

In the primaries throughout the county yesterday everything moved off more quietly than was anticipated. There was, of course, some wrangling as usual, but it was of a very quiet kind.

An effort was made by the Ross followers to have the delegates all instructed for him. Everything was brought to bear that could be in some precincts, while in others a fear that they might be detected kept down the attempt to carry the convention unanimously for Ross, or to make it appear that way at least. They succeeded well in two or three precincts, or rather, made the appearance strong enough to give the Ross organs a good thing to harp on. At nearly every voting place the delegates were instructed to vote for Clint, and to bring every honorable means to bear in the convention to secure his nomination for attorney-general.

Mr. Clint is very popular at his home, and this makes an exceedingly good start for the nomination. Mr. John Collier of Tarrant was not forgotten by his friends in Dallas and Dallas county either, as instructions were given at several places for his nomination for superintendent of public instruction.

Mr. Richard Morgan, Jr., was also kindly remembered for judge of the supreme court. Martin was mentioned very favorably in one or two precincts for governor. Mr. L. W. Oglesby of Collin county was the favorite in several precincts for comptroller.

In the fifth ward of Dallas was the greatest amount of wrangling. One set of delegates were elected by acclamation when the true Democrats raised objections and had the convention reconvened and a new chairman elected. After the second convention had about finished all other business they passed resolutions, as the voters of the fifth ward, stating that the first convention, and set of delegates were not true Democrats, or rather that trickery and political wire-pulling was done by them in the interests of their candidates.

In a few places resolutions were offered requiring a man to have been a Democrat for some time; in other words, he must either have voted for Gov. Ireland or President Cleveland, or he could not participate in the primary. These resolutions were voted down, but men were pledged to vote for the Democratic nominee or not participate.

The county convention is called for the 19th inst., and much wrangling is anticipated in reference to the candidates for at least two offices. The outcome cannot be foreseen at this time. There are many guesses being made, and there is quite a difference of opinion as to who will be the lucky persons. There is now much political scheming going on, and there is much more looked for during this coming week.

## PARIS.

A Final Search for Jeff Bennett—Col. Swain Sought for a Speech.

Special to the Gazette.

PARIS, TEX., June 13.—This morning the citizens of Paris gathered at the store of Bennett & Johnson to organize in a body, and to-day make a final search for the young man Jeff D. Bennett, who has so mysteriously disappeared, of which an account appeared in THE GAZETTE last week, since when nothing has been heard of him.

L. W. Oglesby, candidate for state comptroller, who has been in the city several days returned home yesterday evening.

W. J. Swain, gubernatorial candidate, will address the people of Paris and Lamar county on Wednesday, the 10th inst., at the court-house, at 8:30 p. m.

Mrs. Pollard will give a promenade concert for the benefit of the fire company some time before the 1st of July.

The city council will consider the artesian well question to-morrow night, and if they conclude the city is able to afford one they will sink it immediately.

The machinery for the Paris steam laundry has arrived and is being put in, and will be ready for business in a few days.

Solder Catnip, Best in the world, at the Fort Worth Grocer Co.'s.

## WACO.

Baylor-Waco University Commencement Sermon—The Gazette Ahead.

Special to the Gazette.

WACO, TEX., June 13.—At all the churches to-day the very air was suggestive of "sweet girl graduates" and school commencements. The annual exercises of Baylor-Waco university and Waco Female college are on hand, and as both institutions have many pupils from abroad, the number of visitors is quite large. The commencement sermon of Waco Female college was preached in the chapel this morning by Rev. F. T. Mitchell of Bryan. To-night, at the same place, Rev. Mr. Neils of Bolton delivered an address on "Christian Education."

Waco, Tex., June 13.—The Sunday-schools and churches were all well attended to-day and all the pulpits were filled. The weather was reasonably cool and scattering clouds made it very pleasant going to and coming from church; consequently the good-size congregations.

Dallas is badly in need of rain, as the water supply is not exactly what it ought to be. ## LONGVIEW.

Revival Meeting in Progress at the Baptist Church—Petty Attempt at Stealing.

Mrs. Jennie Beauchamp, State Organizer of the W. C. T. U., Lectures on "Wines Mentioned in the Bible."

Special to the Gazette.

LONGVIEW, TEX., June 13.—Mrs. Jennie B. Beauchamp of Denton, state organizer of the W. C. T. U., gave an excellent lecture on "The Wines Mentioned in the Bible" to a packed audience at the Baptist church. The aim of the lecture is to prove the consistency of the seeming inconsistencies of passages referring to the use of wine, claiming that those passages have reference to a sweet or fermented wine, and in this connection she gave numerous recipes used in those days to prevent wine from fermenting or "spoiling," as was then thought to occur when fermentation took place. This wine having no alcohol was pure and strengthening, and its use was commended by the passages referred to. On the other hand, those passages condemning the use of wine were shown to have reference to fermented wine.

The entire lecture was well received and, although a number of the arguments were new to many, was highly commended by all who had the pleasure of listening to it.

Yesterday, a union of the colored people was organized here by Mrs. Beauchamp, assisted by Mrs. W. H. Dodson, consisting of twenty members.

A revival meeting is in progress at the Baptist church, which shows much success in the running up of the week's work. Last night, Rev. Mr. Dodson was a hard worker in the cause of the Master, as in fact is every minister of the city, and their combined influence and energy, although necessarily confined in a great measure to their own congregation, is noticeably affecting the entire city.

Numbers of petty attempts at stealing are occurring, both here and at the junction, the last being the breaking of one of the large plate-glass windows in the new residence of Dr. W. D. Northcutt while the doctor and his wife were absent. The doctor says he had nothing to be stolen, so there is nothing missed.

Fresh Arrivals. Of vegetables every morning at the Fort Worth Grocer Co.'s.

WHY MEN SMOKE. A Philosophical and Psychological Defense of a Very Pleasant Habit.

St. James Gazette.

No doubt there are men who smoke merely because they like it; but the mass of smokers regard smoking from the higher standpoint of duty. If our female relatives could understand how cruelly we feel the injustice of their language, they would cut out their tongues rather than say another thoughtless word about tobacco.

It is better to a man naturally of an open disposition to have to introduce another box of cigars to the house beneath his overcoat, than to have to carry a box of cigars under his arm, when he knows that it is really for his wife's sake that he really smokes at all. She compares the price of these cigars, making no allowance for their flavor, with the sums expended on the children's pinpoints and school books. Ah, if she only knew! With many men smoking is merely a matter of treatment. Owing to a lack of proper supervision, we acquire the habit at school, and when we reach man's estate we put ourselves in the doctor's hands. It is for him to decide whether it would be safe for us to give up smoking. If he thinks it would, there is not a man in the world who would not bow to the decision. In the vast majority of cases the doctor's judgment is that when once a habit is thoroughly acquired it is trifling with one's organic system to give it up. That some persons can fling off a bad habit without seriously damaging their health is well known; but there is always a risk. The question at once resolves itself to this: Are we prepared to take the risk? This must depend on circumstances. If we are not bound by family ties, and a break-up of the system only affects ourselves, then we may make the experiment with a clear conscience.

It is different, however, when we have a wife and family dependent on us. In that case we must think first of them, and what might be their fate if we tampered rashly with our constitution. Just as there are men who continue to smoke because, having got into the habit in their youth, their medical advisor warns them against giving it up, so there are others who take to it with the one object of preserving their health. The non-smoker must mix with smokers. It may be objected that this is not necessary. I am, however, conceiving the ease of an unselfish man with a wife to support. By keeping out of the company of smokers he seriously interferes with the success of his business, for he loses many opportunities of pushing it and acquires the reputation of being an uncalled-for fellow. So long as he is unmarried this does not much matter, but the married man's ambitions for his wife's sake, his expenses are increased, and it is his duty to let slip no honorable means of adding to his income. I anticipate the suggestion that he could mix with the company of smokers without smoking himself. Many non-smokers have tried it and kept to it in the pluckiest way till their health was completely shattered. Any medical man will tell you that to inhale tobacco smoke from other people's pipes or cigars, when you are not a smoker yourself, is to commit gradual suicide. It is quite a common thing for a man to take to smoking deliberately because it adds to his working power. In this way tobacco is a marvel; for, if the temperance movement is naturally sluggish, it warms it into activity; and if in its normal state the man is irritable or over-active, the one thing to soothe it is a pipe. Among men this is almost universally admitted. (Scotchman's note a somewhat similar effect in whisky.) Some men, of course, feel the beneficial effect of smoking more than others, and hence the difference in the consumption of tobacco. It is not an unusual thing for a man of an abnormally sluggish or abnormally active temperament to smoke a pipe, or even a cigar, before beginning his day's work. He would prefer not to do so, but he finds that it pays. A number of literary men smoke simply to make an income. They have learned that with a pipe in their mouths thoughts not only come more readily, but in better order, and that, while it is often difficult to get the proper word if they are not smoking, it runs to the point of the pen the moment they "light up." Psychologically this is most interesting, and the reason woman cannot grasp it probably is that psychology is not, unfortunately, taught in ladies' seminaries.

Smoking is a great safeguard against infectious diseases. It is only by reading up the subject scientifically in medical treatises that one thoroughly gets to understand the thousands of risks of this kind that we run every day. In the country, during the summer months, when men are on their holidays, they look forward to having a temporary respite from smoking. Then it does not so much matter how the temperance is living so much in the open air, the smoking of other persons has little effect upon them, and there is less danger of infection. It is to keep off the flies that men smoke at the seaside and on the hills. Their own weather-beaten countenance can stand the flies; but these little demons would not only spoil the summer for our susceptible wives and sisters and children, but would disfigure them as well. That is what a man cannot endure. You may have seen pictures on the river or among the fields, with all the men smoking, and the ladies standing quite near them. With many men, smoking is merely an excuse for staying at home. A man looks foolish of sneaking doing nothing. Yet he is too tired to do much. A cigar supplies the amount of labor he requires, and he does not mind the trouble of smoking it so long as it enables him to stay at home without loss of dignity, and look over it admiringly, and yet undemonstratively at his wife. Should a man with a small income be an epicure, or naturally of an irascible temper, it will greatly add to the happiness of his home if he compels himself to smoke. And at present, when times are so hard as to effect everyone more or less, a cigar is a cheap and excellent substitute for expensive amusements.

Glass and Stone. Fruit-jars by the dozen, gross or carload at the Fort Worth China Co.'s.

WEATHERFORD. Gen. R. M. Gano of Dallas Delivering a Series of Sermons.

Special to the Gazette.

WEATHERFORD, TEX., June 13.—Gen. R. M. Gano of Dallas has been in the city the past week delivering a series of sermons at the Christian church. To-day the house was crowded to overflowing and many had to leave on account of lack of seating room. He preached in his usual pleasant way one of the most appreciative sermons that was ever delivered in this city. His subject was "When the Kingdom of Christ was Established," which he made very plain to his audience.

Mr. Dan Driscoll, route agent of the Texas Express company, and J. M. Cunningham, assistant route agent for the Pacific Express company, were in the city yesterday making a transfer of the goods on hand not yet delivered by the Texas to the Pacific. Our people regret very much to see the Texas Express company leave the Texas & Pacific road, as it was the favored company here as well as throughout the entire state, as it was a Texas institution, and believing at the same time that express rates will be raised at once, as the Pacific now has a monopoly, our citizens feel that they will have to suffer from the above change.

Rev. Dr. Raymond, pastor of the Presbyterian church here, returned Thursday night after an absence of about three weeks, during which time he has attended the presbytery at August, Ga. He filled the pulpit at his church to-day.

Watermelons. And cantaloupes at the Fort Worth Grocer Co.'s.

Every description of mechanical work undertaken, satisfaction guaranteed or no pay, at A. Sier's gun store, 206 Main.

Phillip Best On Tap. Phillip Best's Brewing company's beer can be found on tap at the following named places:

Tivoli Hall. Max Richen, on the square. Cabinet saloon, Main street. R. Taylor's, corner Seventh and Houston.

Conrad Schmidt's, foot of Houston. Turf Exchange, Main street. W. H. Wilson, South side. A. Rogers, South side. E. L. Tabor, foot Houston street.

CEBUENE. Henry Furman Handles Barney Gibbs Without Gloves.

Special to the Gazette.

CEBUENE, TEX., June 13.—Mr. Henry M. Furman spoke here last night to a large audience. His speech was listened to with marked attention, and the frequent outbursts of applause that greeted his remarks showed that he made a deep impression upon our people. Mr. Furman discussed the railroad question, the national banking system, the tariff, and paid his respects to Hon. Barney Gibbs of Dallas. He condemned in no stinted terms the law which permits railroad companies when sued in state courts to change the venue to the next term of the federal court after the application for change of venue is made, thus enabling these corporations to remove the case for trial to that term of the federal court which holds its sessions at a place the most remote from the home of the suitor and defeat justice by taking advantage of the inability of the injured party to follow up his case. He favored the passage of a law making it a penitentiary offense to water the stock of railroad corporations. His remarks upon the evils and wrongs of the tariff and national banking systems were lucid and to the point. When Mr. Furman took up the record of Mr. Gibbs and explained and attacked his vote in the Texas legislature when the subject of punishing fence cutting and the building of unlawful fences by the cattle kings was before that body, he showed to the people that Mr. Gibbs has not always been the staunch friend of the poor man that he now professes to be, and to use a common expression, he "did him up." Mr. Furman's speech made quite a number of friends here, and it is safe to assume that the race in Johnson county will be entirely between him and Mr. Wellborn.

The people here look forward with much interest to the meeting in joint discussion of Mr. Wellborn and Mr. Furman.

Water-Coolers, Water-Coolers. At the Fort Worth China Co.'s, at bed-rock prices. Now is the time to buy cheap.

Save the Chickens. Bynsing Bass' Chicken Cholera Cure. For sale by all druggists.

## STATE NEWS.

Deaths and Happenings of the Day—The Occurrences for Week or Two Recorded.

Gatherings from Over the State Reported Specially for the Gazette by Its Own Correspondents.

Red River for Swain.

Special to the Gazette.

CLARKSVILLE, TEX., June 13.—Precinct meetings were held yesterday to appoint delegates for the county convention which is to be held on the 19th inst. The contest between Swain and De Morse for instructions was heated in some places, but Swain has come out one vote ahead. Red River stands by her favorite son.

Colorado Wool in the Market. Special to the Gazette.

COLORADO, TEX., June 13.—The clip of wool has been much larger this spring than most sanguine commission houses expected. Coman & Shear have sold during the week about one hundred and sixty thousand pounds at prices very satisfactory to the growers. This firm sent a train load of ten cars forward for Boston yesterday, which they sold to T. W. Scollard.

Queen City. Correspondence of the Gazette.

QUEEN CITY, TEX., June 11.—An effort is being made to incorporate the town and levy a tax for school purposes. It is proposed to run a ten-month free school.

The Queen City Lumber Co. drew a balance from their books last week and claim to have earned a clear profit of 40 per cent, most of which is in improvements.

The Queen City Dramatic club have re-organized, and will put the "Social Glass," a nice two-hour play, and "A Rice for a Widow," a good farce, on the boards for the benefit of the Queen City graveyard in about a month.

Joshua. Correspondence of the Gazette.

JOSHUA, TEX., June 12.—A few of our citizens met together this evening to consider the building of a roller-mill at this place and after subscribing a few thousand dollars appointed a committee of five to solicit subscriptions for that purpose. A meeting of the stockholders was called to meet at Joshua on the fourth Saturday of June for the purpose of thorough organization.

Mr. Henry Furman of Fort Worth will address the citizens of Joshua and vicinity Monday night, the 14th inst., on the political questions of the day.

The Democratic party of Johnson county will meet in precinct primary convention on each justice's beat in the county on the first Saturday in July, for the purpose of appointing delegates to the county Democratic convention, which is called to meet in Cleburne on the second Saturday in July.

Grand Vista College. Correspondence of the Gazette.

BURLESON, TEX., June 12.—This has been a busy and pleasant week for Grand Vista college. The examination was thorough and showed that Prof. Thomas and his assistants had done good work. There was a nice exhibition by the little children Thursday night, which was attended by a large audience. On last night there was an immense congregation assembled to hear Rev. John Collier, who delivered an address on mental and moral training, which he began by giving a vivid description of a true man. He gave a glowing picture of Texas, present and future, in educational possibilities, which was well received by all present. He will receive the solid vote here for state superintendent of public instruction. After the speech there was an interesting programme of recitations and dialogues by the school, which showed good talent and training.

Granbury. Correspondence of the Gazette.

GRANBURY, TEX., June 11.—Partial showers throughout the county, supplemented with cool, damp weather, for the past week has caused the horny-handed farmer, the merchant and middleman to wear a more cheerful face.

The political pot cannot be fired up and set to boiling before the crops are laid by, out we hear it whispered around that there is music in the air for us. This is all right. Meat and bread first, politics during leisure hours.

A concert to-night closed the scholastic year at the Female Institute. The trustees reported 311 names of white children and 39 colored, against 291 and 36 last year in the public schools.

The commencement exercises of our neighboring college at Thorp's Springs closed last night with a first-class musical entertainment.

This morning the livery stables were not able to furnish transportation for the exodus of students to the railroad homeward bound.

Pilot Point. Special to the Gazette.

PILOT POINT, TEX., June 13.—The third quarterly meeting of the Methodist church was held yesterday and to-day. The services were conducted by the presiding elder, Rev. W. M. Shelton. This morning he preached a grand sermon upon the subject "God's Supremacy," upon which he set himself against the broadway surface investigation upon his opportunity. When he went to Albany to make a speech before the senate committee the audience chamber was filled to overflowing. His sermon was postponed till another day. He got up and left the hall four times the brilliant assemblage got up and down. On the occasion of the delivery of his argument, a few days later, he was not standing-room in the assembly chamber. The sermon tonight was up to Albany, the other day, spent several hours with the students. I found a remarkable sermon upon the subject "God's Supremacy," upon which he set himself against the broadway surface investigation upon his opportunity. When he went to Albany to make a speech before the senate committee the audience chamber was filled to overflowing. His sermon was postponed till another day. He got up and left the hall four times the brilliant assemblage got up and down. On the occasion of the delivery of his argument, a few days later, he was not standing-room in the assembly chamber. The sermon tonight was up to Albany, the other day, spent several hours with the students. I found a remarkable sermon upon the subject "God's Supremacy," upon which he set himself against the broadway surface investigation upon his opportunity. When he went to Albany to make a speech before the senate committee the audience chamber was filled to overflowing. His sermon was postponed till another day.
